Poultry | WORKSHEET

Egg Cost Per Dozen Worksheet

An egg cost per dozen worksheet for working out what it costs to produce and pack a dozen eggs. Egg sellers use it to set fair prices.

Farm / unit: _____ Date: _____ By: _____

Number of hens _____

Eggs produced in the period _____

Feed cost for the period _____

Pullet replacement cost _____

Cartons and packaging cost _____

Labor cost _____

Utilities, bedding and supplies _____

Other overhead costs _____

Calculated cost per dozen _____

NOTES / CALCULATIONS

TIP Use a full year of data when you can, since lay rates and feed costs change with the seasons.
