Poultry Disease Preparedness Plan

A poultry disease preparedness plan template for describing what you will do if disease shows up. Producers use it to line up contacts, isolation and communication.

Farm / unit: _____ Date: _____ By: _____

Farm and contact information

Veterinarian and agency contacts

Signs that trigger action

Isolation and movement controls

Cleaning and disinfection plan

Disposal plan

Communication plan

Worker roles

Review schedule

TIP Share the plan with your veterinarian and update it each year, and check your notes against the official source when in doubt.
