Poultry Dust Bath Management

A poultry dust bath management guide for giving birds clean areas to dust bathe. Keepers use it to support feather care and parasite control. Print it and keep a copy where the work is done.

Farm / unit: _____ Date: _____ By: _____

1. Pick a dry sheltered spot
2. Choose dust bath material
3. Provide enough area for the flock
4. Keep the area dry and covered
5. Refresh material often
6. Watch for mites and lice
7. Clean areas of droppings
8. Add more spots if crowding

YOUR NOTES

TIP Keep the bath dry and refresh it, since wet or soiled material does more harm than good.
