Poultry | WORKSHEET

Poultry Feed Formulation Sheet

A poultry feed formulation sheet for listing ingredients, nutrient targets and the finished ration for a flock. Producers use it with a nutritionist to plan feed for each bird type and age.

Farm / unit: _____ Date: _____ By: _____

Flock type and age group _____

Production stage _____

Nutrient targets from nutritionist _____

Ingredient list _____

Amount of each ingredient _____

Supplement or premix used _____

Medication in feed if any _____

Mixing instructions _____

Date formulated and by whom _____

NOTES / CALCULATIONS

TIP Have a poultry nutritionist or your extension office check the formula before you mix, and keep the final sheet on file.
