Poultry | TEMPLATE

Poultry Flood Response Plan

A poultry flood response plan template for protecting birds, feed and equipment when flooding threatens. Producers use it to plan actions before, during and after a flood.

Farm / unit: _____ Date: _____ By: _____

Flood risk areas on the farm

Warning sources

Bird move plan

Feed and equipment protection

Power and utility shutdowns

Contacts and roles

Evacuation route

After-flood cleanup steps

Review schedule

TIP Know your flood risk and plan moves early, since roads may close fast.
