Poultry Lameness Assessment Form

A poultry lameness assessment form for scoring walking problems and recording likely causes. Producers use it to track affected birds, flooring or housing issues and the follow-up taken.

Farm / unit: _____ Date: _____ By: _____

Date and assessor _____

Flock or house _____

Bird or band number _____

Which leg or foot affected _____

Gait description _____

Swelling or foot lesions noted _____

Flooring or perch condition _____

Action taken _____

Veterinarian contacted _____

NOTES / CALCULATIONS

TIP Walk the flock slowly and at the same time of day so you see natural movement, and ask your veterinarian about repeat cases.
