Farm Hearing Conservation Program Template

An outline for a hearing conservation program on a farm, used by owners with noisy equipment such as tractors, grinders and grain dryers. Print it, fill it in on site, and file the completed copy with your records.

Farm / unit: _____ Date: _____ By: _____

Noisy machines and areas

Noise monitoring arrangements

Hearing protector options

Worker training topics

Hearing test arrangements

Posted noise warnings

Maintenance to reduce noise

Records kept and where

Program review notes

TIP Ask an occupational health professional about testing, and give workers a choice of comfortable hearing protectors.
