Farm Injury & Illness Log (OSHA 300)

A log for recording workplace injuries and illnesses on a farm, used by owners and supervisors who must track incidents under OSHA rules. Review it with the people involved and update it whenever your operation changes.

Farm / unit: _____ Date: _____ By: _____

Case number	Date	Employee	Job task	Injury or illness	Days away

TIP Check OSHA instructions for which cases belong in the log, and keep the entries confidential.
