Farm Maple Syrup Sales Compliance Guide

A compliance guide for selling maple syrup, used by sugar makers who bottle and sell syrup at markets, stores and the farm. Print it, fill it in on site, and file the completed copy with your records.

Farm / unit: _____ Date: _____ By: _____

1. Check state grading and labeling rules
2. Use clean food-grade equipment and containers
3. Record boiling and bottling batches
4. Label with name, grade and your address
5. Store finished syrup properly
6. Record sales and customers
7. Review rules for syrup bought from others

YOUR NOTES

TIP Check your state agriculture department and FDA labeling guidance before selling syrup.
