Farm Migratory Bird Compliance Guide

A guide to migratory bird rules for farms, used by owners and workers who find nests in barns, crop fields and hayfields or want to manage bird damage.

Farm / unit: _____ Date: _____ By: _____

1. Learn which birds are protected
2. Check nests before mowing or demolition
3. Delay disruptive work near active nests
4. Know rules on trapping and scare devices
5. Ask about permits for damage control
6. Record sightings and actions taken
7. Contact wildlife agency for advice

YOUR NOTES

TIP Call the Fish and Wildlife Service or state wildlife agency before removing nests or birds.
