Farm Regulatory Compliance Annual Review Template

An annual review outline for farm regulatory compliance, used by owners to list permits, licenses, programs and training, and to plan fixes for the coming year.

Farm / unit: _____ Date: _____ By: _____

Permits and licenses with renewal dates

Safety program and training review

Environmental plans and records review

Food safety and labeling review

Animal health and movement records

Government program enrollments and reports

Inspection findings and corrections

Responsible person for each area

Action list for the coming year

TIP Hold the review at the same time each year and confirm any new rules with the agency for each item.
