Small Ruminants (Sheep & Goats) | LOG

Ewe Breeding Record

A breeding record for each ewe, showing when she was exposed, to which ram, and what happened next. Use it to plan lambing and spot females that miss.

Farm / unit: _____ Date: _____ By: _____

Date	Ewe ID	Ram ID	Method	Result	Initials

TIP Write down the date a ram is turned in and pulled out, since every later date depends on those two entries.
