Emergency Water Supply Plan

Template for an emergency water supply plan, helping farms and households outline sources, storage, treatment and contacts for use during an outage. Fill in each section for your own farm and review the finished plan with a trusted adviser.

Farm / unit: _____ Date: _____ By: _____

Farm and household water needs

Normal water sources

Backup sources details

Storage locations details

Treatment methods details

Livestock water plan

Power backup for pumps

Emergency contact list

Review and drill schedule

TIP Review the plan each year and keep a printed copy somewhere easy to find.
