# Fence Line Feeding Guide

Guide to feeding livestock along a fence line, with tips on location, manure and runoff control, and keeping the feeding area from damaging land. Work through the steps in order and keep notes on what you find along the way.

Farm / unit: _____ Date: _____ By: _____

1. Choose a site away from water sources
2. Check slope and drainage
3. Plan feeder layout and spacing
4. Rotate feeding locations
5. Manage mud around feeders
6. Control runoff from the feeding area
7. Spread manure evenly
8. Watch for bare ground and compaction
9. Record feeding location by date

**YOUR NOTES**

**TIP** Move feeding areas often so that no single spot takes the whole load of hoof traffic.
