Livestock Emergency Water Plan

Plan template for livestock emergency water, helping farms prepare alternate sources, storage and transport if normal supplies fail. Fill in each section for your own farm and review the finished plan with a trusted adviser.

Farm / unit: _____ Date: _____ By: _____

Livestock groups and locations

Normal water sources

Backup sources details

Storage and transport options

Power backup details

Tank and trough access

Roles and contacts

Veterinarian contact details

Review schedule details

TIP Ask your veterinarian how to monitor animal health during water shortages, and update the plan yearly.
