Nutrient Management Plan Workbook

Workbook outline for building a nutrient management plan, covering fields, soils, crop needs, nutrient sources and the records that back up each decision. Fill in each section for your own farm and review the finished plan with a trusted adviser.

Farm / unit: _____ Date: _____ By: _____

Farm contact and plan purpose

Field list with acres and maps

Soil and test information

Crop rotation details

Nutrient credits from manure and previous crops

Application rates per lab and local guidance

Setbacks and sensitive areas

Application records details

Plan review schedule

TIP Check your state rules and talk with your local conservation office before treating any plan as complete.
