Water Erosion Assessment Tool

Assessment sheet for water erosion on a field, recording slope, soil, cover and visible signs so you can decide where to act first. Fill in each line as you gather facts and keep the sheet with your field records.

Farm / unit: _____ Date: _____ By: _____

Field name and location _____

Slope and slope length _____

Soil type details _____

Crop and residue cover _____

Tillage practice details _____

Rills or gullies observed _____

Sediment deposits noted _____

Runoff path and outlet _____

Priority practices to consider _____

NOTES / CALCULATIONS

TIP Walk the field after a heavy rain to see where water is really moving.
