Water Storage Tank Sizing Worksheet

Worksheet for sizing a water storage tank, collecting use, supply and reserve information to share with a supplier or designer. Fill in each line as you gather facts and keep the sheet with your field records.

Farm / unit: _____ Date: _____ By: _____

Purpose of the tank _____

Daily water use _____

Number of animals or acres served _____

Supply source and refill rate _____

Days of reserve wanted _____

Site and base conditions _____

Tank material under consideration _____

Plumbing and float needs _____

Final size chosen _____

NOTES / CALCULATIONS

TIP Confirm the sizing with a supplier or designer, and allow extra volume for dry periods.
