All-In/All-Out Production Record

This All-In/All-Out Production Record gives swine producers a printable table for tracking groups through all-in all-out cycles. Fill in one row per entry by hand and keep the sheet with your herd records.

Farm / unit: _____ Date: _____ By: _____

Room or barn	Date filled	Date emptied	Cleanout done	Downtime	Initials

TIP Do not mix age groups in a room, and record cleanout and drying steps before refilling.
