Power Outage Plan for Swine Barns

Use this Power Outage Plan for Swine Barns to organize planning for loss of power in swine barns. Complete each section in your own words and keep the finished copy with your farm paperwork for later review.

Farm / unit: _____ Date: _____ By: _____

Critical systems that need power

Backup generator details

Fuel supply notes

Alarm and alert contacts

Manual ventilation options

Water supply during outage

Who does what during outage

Utility and electrician contacts

Restart steps

Drill and review dates

TIP Test your backup plan before storm season and include steps for animals that cannot be moved.
