Swine Emergency Ventilation Plan

This Swine Emergency Ventilation Plan gives swine producers an outline for planning for ventilation failure. Fill in each section for your own operation, share it with those involved, and update it when things change.

Farm / unit: _____ Date: _____ By: _____

Systems that fail first

Alarm and alert contacts

Manual ventilation steps

Backup power notes

Pig moves or reductions

Who does what

Supplier contacts

Hot and cold weather steps

Drill schedule

Review dates

TIP Write the plan with a ventilation advisor and practice the steps before an actual failure.
