Swine Heat Illness Prevention Plan

Use this Swine Heat Illness Prevention Plan to organize planning for heat illness among workers. Complete each section in your own words and keep the finished copy with your farm paperwork for later review.

Farm / unit: _____ Date: _____ By: _____

Hot weather warning signs

Water and shade access

Rest break plan

Work schedule changes

New worker acclimation

Buddy checks

Emergency steps

Who to call

Training topics

Review dates

TIP Train workers on warning signs before summer and keep water close to every work area.
