Activity Monitor Data Sheet

A data sheet for activity monitor readings on livestock, helping herd managers note unusual activity patterns and what was checked in response. Print it and keep a copy with your records.

Farm / unit: _____ Date: _____ By: _____

Animal ID _____

Group or pen _____

Device ID _____

Date of reading _____

Activity change noted _____

Other signs observed _____

Checked by _____

Veterinarian contacted _____

Follow-up _____

NOTES / CALCULATIONS

TIP Compare the monitor with what you see in the barn, and call your veterinarian about any animal that looks sick.
