# Drone Maintenance Log

A maintenance log for farm drones, helping pilots track inspections, repairs, battery use, and replaced parts. Print a copy, fill in each row as the work happens, and keep the sheet with your records.

Farm / unit: _____ Date: _____ By: _____

| Date | Aircraft | Task done | Parts replaced | Battery ID | Initials |
|---|---|---|---|---|---|
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |

**TIP** Follow the maker's maintenance schedule and keep batteries labeled so each one has its own history.
