Electronic ID Reader Setup Guide

A setup guide for electronic ID readers on livestock operations, helping staff pair the reader with software, test reads, and keep records tidy. Print it and keep a copy with your records.

Farm / unit: _____ Date: _____ By: _____

1. Charge the reader fully
2. Pair the reader with the phone or computer
3. Set the data format per the manual
4. Test reads on a few tags
5. Link the reader to the herd software
6. Set up file names and export steps
7. Test an export end to end
8. Store the reader safely after use

YOUR NOTES

TIP Run a practice read on a few animals before working day so you know the reader behaves in the chute.
