Farm Management Software Evaluation Template

A template for evaluating farm management software, giving owners an outline to compare products against their goals and record the final decision. Print it and keep a copy with your records.

Farm / unit: _____ Date: _____ By: _____

Goals for the software

Must-have features

Products considered

Demo notes

Data ownership terms

Support and training

Cost quotes received

Reference check notes

Final decision and reason

TIP Write down your must-haves before looking at demos so a sales pitch does not set your priorities.
