Farm Technology User Group Guide

A guide for starting and running a farm technology user group, helping organizers set goals, meet regularly, and share knowledge. Print a copy, follow each step in order, and keep the guide handy where you work.

Farm / unit: _____ Date: _____ By: _____

1. Define the purpose of the group
2. Recruit members
3. Choose a meeting place
4. Set a regular meeting plan
5. Pick topics for meetings
6. Share notes and contacts
7. Invite guest speakers
8. Review what is working

YOUR NOTES

TIP Meet at a farm each time so members can see the tools in use.
