Technology & Precision Agriculture | WORKSHEET

Fertilizer Sensor Calibration

A worksheet for calibrating fertilizer application sensors and controllers, helping operators record product, test steps, and adjustments. Print a copy, fill in each line by hand, and keep the finished sheet with your records.

Farm / unit: _____ Date: _____ By: _____

Machine and controller _____

Product being applied _____

Product label reference _____

Sensor type _____

Catch test method _____

Result compared to controller _____

Adjustment made _____

Test repeated _____

Operator initials _____

NOTES / CALCULATIONS

TIP Follow the spreader or applicator manual for the catch test, and follow the label for the product.
