Precision Ag Glossary

A glossary of precision agriculture terms, giving readers a place to write definitions in plain words for GPS, sensors, and data. Print it and keep a copy with your records.

Farm / unit: _____ Date: _____ By: _____

1. Write the term and its meaning
2. GPS and GNSS terms
3. RTK and correction terms
4. Yield and sensor terms
5. Mapping and zone terms
6. Drone and imagery terms
7. Data and software terms
8. Add your own terms

YOUR NOTES

TIP Add terms you hear at meetings and look them up with your extension office.
