Soil Sampling Service Agreement

An agreement outline for hiring a service to take soil samples, helping farms record who does the work, how samples are handled, and what results are delivered.

Farm / unit: _____ Date: _____ By: _____

Parties and contact details

Fields and sampling plan

Sampling method and depth

Lab used and how samples are sent

Map and report delivery

Data ownership

Payment terms as agreed

Rescheduling for weather

Signatures

TIP Ask the lab for its sampling instructions and have an attorney review the agreement before signing.
