Yield Map Interpretation Worksheet

A worksheet for turning yield maps into notes, helping growers compare high and low areas against soil, drainage, and field history to find likely causes.

Farm / unit: _____ Date: _____ By: _____

Field name and crop _____

Year and hybrid or variety _____

Highest yielding area _____

Lowest yielding area _____

Soil type in those areas _____

Drainage or compaction notes _____

Weather events that season _____

Likely causes _____

Action for next season _____

NOTES / CALCULATIONS

TIP Check the map against what you saw in the field that year, because the data shows where but not always why.
