Bat House Plans

A bat house plans guide that lists the steps for building and placing a bat house so landowners can provide roosting space for local bats while keeping people and animals safe.

Farm / unit: _____ Date: _____ By: _____

1. Learn which bats live in your area
2. Choose a plan from a wildlife agency
3. Use rough untreated wood
4. Seal seams against drafts
5. Provide landing and grip surfaces
6. Choose a sunny mounting spot
7. Mount on a pole or building
8. Keep clear of flight paths
9. Check for use each season

YOUR NOTES

TIP Never handle bats with bare hands, and ask your health department about exposure questions.
