Bird Nesting Box Plans

A bird nesting box plans guide listing the steps for choosing a species, building a box, and mounting it so landowners can put up safe, useful nest sites.

Farm / unit: _____ Date: _____ By: _____

1. Pick the target bird species
2. Choose untreated wood
3. Cut and assemble the box parts
4. Add drainage and ventilation
5. Make the entrance suited to the species
6. Mount away from predator access
7. Face the box away from harsh weather
8. Note the location on a map
9. Clean out after the season

YOUR NOTES

TIP Use a plan from a trusted wildlife agency or extension office, since entrance size and mounting rules vary by species.
