Coarse Woody Debris Guide

A coarse woody debris guide listing steps for leaving and placing logs and limbs in woodlands and fields so they provide shelter, feeding sites, and nutrient cycling.

Farm / unit: _____ Date: _____ By: _____

1. Look for logs and limbs on the property
2. Decide what to keep
3. Check fire and safety concerns
4. Place logs in varied positions
5. Keep some in shade
6. Avoid piling near buildings
7. Protect existing stumps
8. Watch wildlife use
9. Record placement

YOUR NOTES

TIP Keep debris away from buildings and fire risk areas and ask your forester for advice.
