CRP Mid-Contract Management Guide

A CRP mid-contract management guide listing steps to review enrolled cover and plan the required maintenance so the stand keeps its value for soil and wildlife.

Farm / unit: _____ Date: _____ By: _____

1. Pull out the contract and plan
2. Walk and map the stand
3. Assess cover condition
4. Identify weeds and woody invaders
5. Select allowed practices
6. Check timing limits with FSA
7. Plan the work and equipment
8. Record what was done
9. Report as required

YOUR NOTES

TIP Confirm the allowed mid-contract practices and timing with your FSA or NRCS office before starting.
