Dead Hedge Construction Guide

A dead hedge construction guide with steps for building a woven brush barrier that shelters small wildlife while marking boundaries or guiding stock and traffic.

Farm / unit: _____ Date: _____ By: _____

1. Choose the hedge line
2. Gather stakes and brush
3. Drive stakes in pairs
4. Fill between stakes with brush
5. Layer branches tightly
6. Leave gaps for small animals
7. Top off as it settles
8. Keep away from burn risk
9. Inspect and add yearly

YOUR NOTES

TIP Use brush from your own property, and keep hedges away from buildings and any burning.
