Electric Fence for Wildlife Guide

An electric fence for wildlife guide listing the main steps for planning, building, and checking a fence used to keep deer, hogs, or other animals out of crops.

Farm / unit: _____ Date: _____ By: _____

1. Identify the animals to exclude
2. Plan the layout and gates
3. Use a charger per the manufacturer
4. Install proper grounding
5. Set wire spacing for the target animal
6. Add warning signs
7. Keep vegetation off the wires
8. Test the fence regularly
9. Keep safety rules for people and pets

YOUR NOTES

TIP Follow the charger and wire manufacturer instructions and check your local rules on electric fences.
