Rabies Prevention Guide for Farmers

A rabies prevention guide for farmers listing steps to protect people, pets, and livestock from exposure to wildlife and what to do if an animal acts strangely.

Farm / unit: _____ Date: _____ By: _____

1. Keep pets and livestock vaccinated per your veterinarian
2. Avoid contact with wild animals
3. Watch for odd behavior
4. Keep distance from sick wildlife
5. Secure feed and trash
6. Do not touch dead animals bare handed
7. Wash any bite right away
8. Call a doctor and health officials
9. Report to animal control

YOUR NOTES

TIP Seek medical care right away after any bite or scratch and contact your local health department.
