Rodent Exclusion Guide for Farm Buildings

A rodent exclusion guide for farm buildings listing steps for finding entry points, sealing them, and keeping rodents out of shops, barns, and feed rooms.

Farm / unit: _____ Date: _____ By: _____

1. Walk the building inside and out
2. Mark gaps and holes
3. Seal gaps with suitable materials
4. Add door sweeps
5. Screen vents and drains
6. Keep vegetation back
7. Remove food and nesting material
8. Check for new signs
9. Record repairs and dates

YOUR NOTES

TIP Wear gloves and a mask when cleaning rodent areas, and ask your health department about safe cleanup.
