# Tree Tube Installation Record

A tree tube installation record for tracking seedlings protected by shelters, so planters can note species, location, and upkeep as young trees grow and is free to print.

Farm / unit: _____ Date: _____ By: _____

| Date | Planting site | Tree species | Tube type | Condition | Upkeep done |
|---|---|---|---|---|---|
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |

**TIP** Check tubes after storms and in spring, and note which seedlings show damage so you can adjust protection.
