Wildlife Emergency Rescue Guide

A wildlife emergency rescue guide with calm, safe steps for what to do when you find injured or trapped wildlife on a farm, and when to call for professional help.

Farm / unit: _____ Date: _____ By: _____

1. Keep people and pets back
2. Stay calm and quiet
3. Assess from a safe distance
4. Do not handle without gloves
5. Call a licensed rehabilitator
6. Cover and contain if advised
7. Keep the animal warm and dark
8. Do not offer food or water
9. Write down time and place

YOUR NOTES

TIP Call your state wildlife agency or a licensed rehabilitator before you touch an injured animal.
