Wildlife Feeding Station Plans

A wildlife feeding station plans guide with steps for choosing food, locations, and cleaning habits so stations help wildlife without spreading disease or creating problems.

Farm / unit: _____ Date: _____ By: _____

1. Check local rules on feeding
2. Pick the target species
3. Choose suitable feed
4. Select a site away from roads
5. Build a sturdy feeder
6. Keep feed dry and clean
7. Clean the station regularly
8. Watch for sick animals
9. Review whether feeding is needed

YOUR NOTES

TIP Check state rules first, since feeding some wildlife is restricted or discouraged.
