Wildlife Management Area Plan

A wildlife management area plan template for outlining goals, habitat work, and use rules on a defined parcel so owners and cooperators share one clear plan.

Farm / unit: _____ Date: _____ By: _____

Area description and boundaries

Management goals

Target species

Existing habitat conditions

Planned habitat practices

Access and use rules

Safety measures

Monitoring methods

Roles and contacts

Review schedule

TIP Attach a map to the plan and keep a copy with each partner who helps manage the area.
