Wildlife Observation Blind Plans

A wildlife observation blind plans guide listing steps for choosing a site, building a simple blind, and using it so people can watch wildlife without disturbing it.

Farm / unit: _____ Date: _____ By: _____

1. Choose a spot with good views
2. Check wind and sun direction
3. Select a plan and materials
4. Build a sturdy frame
5. Add screening and viewing slots
6. Anchor against wind
7. Keep the entry out of sight
8. Add seating
9. Inspect before each season

YOUR NOTES

TIP Use untreated or weather safe materials and review tool safety in the operator's manual.
